

Kenneth N. Thomsen

Export Engineer Russia & EU

Profile of February 2011

Kenneth N. Thomsen has worked at ETP Consult since 2010 as a export engineer for Russia and European countries.

I have experience within export services and electronic engineering. My experience is founded in living, studying and working in Russia for 1½ years combined with completion of a Bachelor degree within electronic engineering. My practical background is gained from work as an electrician.

My educational background is Electric Engineer and Business Engineer.

Work at ETP Consult

2010 – To date

As export engineer at ETP consult. Kenneth has primary focus on marketing and sales. Kenneth has engineering assignments at least one day each week for technical development and practice within consultancy services.

Within tasks ETP Consult have had so far (see ETP Consult references), I have largely worked with:

- Marketing material and PR management
- Translation and communication management
- Export project management
- Export strategy and assistance
- Product development management
- Intel and information assistance
- Sales assistance
- Technical assistance.
- Tender documentation management

Work before ETP Consult

1999 – 2010
